

**Massachusetts Chiropractic Society, Inc. presents
MACRA, MIPS, & Chiropractic:
Medicare's New Quality Payment System**

Featuring Scott Munsterman, D.C., FICC

**April 8, 2017
8:30 a.m. - 12:30 p.m.**

CE CREDITS (4) PENDING FOR MA

DESCRIPTION OF THE COURSE: This course defines how Doctors of Chiropractic can participate in the new Quality Payment Program as defined by the Medicare Access & CHIP Reauthorization Act 2015 (MACRA) Law: the Merit-Based Incentive Payment System (MIPS) & the Advanced Alternative Payment Model (APM). The MACRA law outlines the requirements & timeline regarding Medicare payment system changes, with the performance year as identified in the proposed rule beginning January 2017. You will get an overview of this law & will offer information about performance standards & how to achieve these standards for reimbursements in the future.

MIPS I: Introduction to MACRA Law & MIPS

The Merit-Based Incentive Payment System (MIPS) module will describe the Medicare Access & CHIP Reauthorization Act 2015. This module will refer to the requirements & timeline established in the new law regarding the Medicare payment system changes. It will include understanding of the four performance categories required for Eligible Clinicians reporting under MIPS. Goals of the module include outlining Protecting the Integrity of Medicare Provisions regarding Chiropractic Care, & improvement of documentation of services. Will offer information about performance standards & how to achieve these standards for practice.

MIPS II: Understanding Your QRUR, A Dress Rehearsal for MIPS

This module will guide you in understanding how to obtain your Quality and Resource Use Report (QRUR), which is your CMS confidential feedback report. These reports show how groups and solo practitioners, as identified by their TIN, performed in 2014 on the quality and cost measures used to calculate your 2016 Medicare reimbursements. Directions will be provided on how to establish your Enterprise Identity Data Management (EIDM), for access to the CMS portal and ability to download provider reports. This module will also address the various

reporting methods for Quality measures and the Cost category for MIPS eligible clinicians.

MIPS III: Deep Dive into Quality Measures & ACI

This module will include Quality measure specifications and how the Doctor of Chiropractic will be scored under the Quality, Resource Use/ Cost categories for MIPS. The module will also detail the Advancing Care Information formerly known as Meaningful Use measures and provide demonstrations of the scoring for eligible clinicians reporting under MIPS. The module will review the reporting options (i.e. group vs individual) and methods. This module will include understanding measures for reporting via a qualified clinical data registry.

MIPS IV: Deep Dive into IA

This module will address the new performance category that involves integrating continuous quality improvement into your practice and the areas that will be scored under MIPS called Improvement Activities. The module will discuss options for practice recognition and understanding Patient-Centered Medical Home (PCMH) standards and principles and the doctor of chiropractic's role in the medical neighborhood. The module is presented by a NCQA PCMH certified content expert.

MIPS V: Alternative Payment Models

This module provides an understanding of how Advanced Alternative Payment Models are defined by Medicare within the Quality Payment Program. The module will cover what is seen as focused opportunities for alternative payment models within the chiropractic profession & how chiropractic physicians can work with other providers in bringing a value proposition to the care delivery team from an integrated, care coordination perspective. The module will also provide an understanding of the role of the Accountable Care Organizations (ACOs) play in the APMS.
